■ DUPLEX TEST - PAGE 1 (FRONT)

This is the FRONT of the paper.

If duplex printing works:

- • This page should be on the front
- • Page 2 should be on the back

Expected Result:
    ONE sheet with Page 1 (front) + Page 2 (back)

■ Duplex Mode Test

Paper Size: US Letter (8.5 x 11)

■ DUPLEX TEST - PAGE 2 (BACK)

This is the BACK of the paper.

If you can read this on the back of page 1,
then duplex printing is working correctly!

■ DUPLEX SUCCESS!

You now have:
- ■ One sheet of paper
- ■ Two pages (front + back)
- ■ Duplex printing confirmed!
