■■ BORDERLESS DUPLEX TEST - PAGE 1

This is designed for EDGE-TO-EDGE printing
(Borderless/Full Bleed)

Expected Results:
- **No white borders around the page**
- **Color extends to all edges**
- **Page 2 on the back (long edge flip)**

Settings: borderless=True, doubleSided=long

Paper: US Letter (8.5 x 11)

■ BORDERLESS DUPLEX - PAGE 2

This is the BACK side (borderless)

SUCCESS INDICATORS:
- **No white edges visible**
- **Background color to edges**
- **Proper duplex alignment**

If you see this on the back of page 1,

borderless duplex printing is working!
